

# MORAKINYO DAVID

Frontend Developer

## CAREER OBJECTIVE

---

Front end developer with 3+ years of experience, ambitious individual with a passion for learning and creativity. Hardworking candidate possessing strong analytical problem solving skill. Looking to leverage my knowledge and experience into a role as a frontend developer.

## EXPERIENCE

---

### FRONTEND DEVELOPER

*Jet Support Services LTD, Lagos / June 2023 - Present*

- Collaborated with a back-end developer to conceive and construct an innovative Airline Flight Technical Log.
- My pivotal role revolved around designing and consuming the back-end API, and creating stunning cutting edge designs.
- To develop a digital aircraft technical logbook, which i utilized various frontend technology, including React, Zustand, React Query and Typescript etc.
- By leveraging my expertise in frontend development, I have contributed to the creation of a robust and efficient solution that enhances operational efficiency within the aviation domain.

### INTERSHIP (Junior Software Developer)

*Chams PLC, Ikeja, Lagos / May 2021 – October 2021*

- Assisted in deploying their Saas called VOTA, and it's database
- I represented the company at NNPC 2021 election where I was opportune to coordinate and monitor the system process, the system network architecture.
- Conducted quality assurance checks on products before release in the market
- Acquired knowledge in web development and design principles while creating content for web applications.
