## PROFESSIONAL EXPERIENCE

---

Experienced Software Engineer proficient in React, Next, Typescript, Node, Express, Redux, MongoDB, Redis, PostgreSQL, and testing. Collaborative, versatile, and committed to problem-solving, continuous learning, and user satisfaction.

## PROFESSIONAL EXPERIENCE

---

### JET SUPPORT SERVICE LTD.

LAGOS

#### Front-end Developer (Contracted)

JUNE 2023 - OCTOBER 2023

- Designed and developed the user interface for the digital flight Logbook system, ensuring an intuitive and visually appealing experience for users.
- Reduced the time required for pilots to log a flight by 50% compared to the previous manual process.
- Refactored code base with reusable components, reducing project size by over 50%.
- Worked closely with back-end developers to ensure seamless integration of the front-end with the database and server-side functionalities
- Developed the system with scalability in mind, enabling it to handle a 100% increase in the number of flights logged over the course of 2 months.

### CHAMS PLC

LAGOS

#### Software Engineer (Internship)

MAY 2022 - OCTOBER 2022

- Assisted in deploying the SaaS (Software as a Service) product called VOTA, resulting in a successful launch. Achieved a 40% decrease in deployment time compared to previous projects, contributing to faster time-to-market.
- Orchestrated the company's representation at the NNPC 2021 election; thorough coordinated and monitored the system process and network architecture, ensuring uninterrupted operation during a critical event.
- Achieved a 80% increase in system uptime and data accuracy during the election.
- Conducted thorough quality assurance checks on products pre-launch, resulting in a 70% decrease in post-release bug reports and significant improvement in product reliability.
- Acquired web development and design expertise, enhancing effective application development through the completion of 3 practical projects.

## EDUCATION

---

### LANDMARK UNIVERSITY

KWARA, NG

*MBachelor of Science, Major in Computer Science*

2018 -2022

## ADDITIONAL INFORMATION

---

- Technical Skills: Html, CSS, SASS ,ReactJs, NextJS, NodeJS, Typescript, Firebase, PostgreSQL, MongoDB, Tailwind, Bootstrap, Git, Redis, Redux, TRPc.
